**Purpose of Contact:** Removal of Sanitary Sewer west of B371

## **Discussion**

A portion of the sanitary sewer line that connected B116 to the 371 Trailers will be removed because the dirt in this area will be used as backfill at other site locations, and it is anticipated that the sewer line will no longer be 3 feet or more below grade. The associated manholes and cleanouts will be removed at the same time to ensure that all remaining structures are greater than 3 feet below grade at final grade.

The remaining lines will be plugged and grouted at the open ends, forming a 9 inch to 1 foot grout plug. The excavation will be backfilled to correspond to final grade at this location.
